## **Attachment - PUBLIC OUTREACH AND PERFORMANCE REPORTING**

- Sony DADC conducted an annual Earth Day Calendar Contest. Employees sponsor a child from age 6-14. The contest theme for 2013 was "We all have a part to play in making a better planet". A 12-month calendar was produced using the winning artwork. As part of the contest, Sony DADC had an Earth Day celebration for the winners and semi-finalist. Each child received a recycled bag with DVD movies (made in our facility) and an environmental themed book. The group also toured the White Violet Center for Eco-Justice (associated with St. Mary of the Woods College). The tour included an organic garden, pond eco-system and alpacas.
- Sony DADC co-sponsored an annual Earth Day Event at the White Violet Center for Eco-Justice.
- For a Sony DADC employee open house, posters on environmental achievements were displayed for employees to share with their family members. Additionally, Renewable Energy Credits purchased for that month were used to offset the electricity used for the event.

## **Attachment - ENVIRONMENTAL IMPROVEMENT INITIATIVE**

Sony established the "Sony Green Partner Standards" with the aim of requiring suppliers to introduce Green Partner environmental management systems. The Green Partner Standards establish a set of "Management regulations for environment-related substances to be controlled which are included in parts and materials." Environment-related substances were identified to be immediately banned or reduced and an audit system instituted.

In order to become Green Partner certified, a supplier must:

- Pass an on-site audit/inspection at supplier's site
- Have a management system or procedure in place to control their incoming materials
- Provide written certification of compliance to Sony standards (Sony Standard: SS-00259)
- Provide samples to check compliance through independent chemical laboratory testing
- Sign Green Partner Agreement

Sony DADC will maintain Green Partner certification of all suppliers that provide the parts and raw materials used in Sony branded finished goods.

Green Partner certification is valid for 2 years and can be renewed.
